

Use of Stats Package in conjunction with the FIH TMS Training Module

- Request a training module by clicking on the link <https://tms.fih.ch/training>
- Click on 'Login' at the top right-hand corner of the screen
- Choose a role – 'Global Admin'
- Click 'Admin' in the top right-hand corner of the screen
- Click on 'In Progress' and this will list competitions that are in progress
- Choose competition number 4 'In Progress (2 x 4 event Men)'
- Scroll down to matches and click on Match 17 – edit teams to read whoever you wish from the competition.
- Match will be in 'Upcoming' mode
- Click on 'Manage', then click on line-ups and 'edit' to register a starting XI for each team, ensuring that the shirt numbers are the same as the video you are watching. Save.
- Move competition to 'In Progress'
- Click on 'Statistics' and you will have a dropdown option for 'Statistics Entry'
- Click 'Statistics Entry' and a separate page will open up.
- Here you will then see the stats page
- When ready, go back to the match page and start the clock – remember that the stats will not necessarily be done at the table, and therefore the technical officials will have control of the clock.
- Then click on the stats entry again and watch the video capturing the stats as you can – anything you click is automatically saved. If you click a PC by mistake and it is a hit out, simply 'Delete' the PC action
- After the first quarter, have a look at what you have captured by clicking on 'Listing' and 'Summary'.

FYI

- CE-L Circle Entry Left
- CE-T Circle Entry Top
- CE-R Circle Entry Right
