

## SUSTAINABILITY CASE STUDIES

**Gender Equal portfolio  
of FIH Events with  
mixed gender Officials**

# Gender Equal portfolio of FIH Events with mixed gender Officials

## Objectives

- Ensure that gender equality principles are applied within the FIH competition portfolio
- Used mixed gender on field umpires and technical officials

## Results

- Equal competition formats and rules, uniforms, equipment, apparatus
- Technical officials (balanced representation)
- Coaches (balanced representation)
- Equal use of venues and facilities
- Schedules conceive taking into account an equal representation of men and women)
- Provision of equal medical treatment
- Equal funding in governance and administration
- Equal payment for men and women (and equal prize money)
- Balanced representation of men and women in communication (including during Olympic Games and across partners)

## Description

- All FIH competitions are conceived and executed gender equal, inside the field of play and the way in which these are portrayed
- Male and female umpiring and officiating teams used across many FIH competitions including FIH Pro League
