Taking Hockey Forward

Candidate for the position of  
FIH President  
48th FIH Congress

# Mohammad Tayyab Ikram

## Motivation

Hockey has given me the **most extraordinary life**, and my greatest motivation is to be able to give back to the sport by helping the National Associations and promote Hockey in the best possible way.

Passionate about **Development - Development** is the story of my life.

**National Associations are the most important** element in Hockey and FIH and having lived with them all my life I understand that the most important objective is **empowering** and **supporting** our Member Federations.

**Growth of Hockey is best achieved through supporting our National Associations**, who are the foundation and the core of our sport. The NAs and the work they are doing in their countries and regions are the heart and soul of hockey.

## My Message and I believe in:

Firstly, I **congratulate** the entire Hockey Family for keeping hockey alive and strong during the COVID-19 pandemic.

**ATHLETES** are the Core of our Sport – Provide dedicated department for **Athletes** which includes **Athletes Career and Athletes Development**, FIH to play a key role in providing opportunities in their professional Career, Mental Health Awareness, Education and additional skills development.

**Enhanced Interaction** with all our National Associations and develop stronger relationships with Smaller National Associations. This would make **FIH more relevant** towards every National Association.

Our sport must stay **Youth-Focused** and a leader in clean sport.

Prioritize all **Hockey Formats** – Hockey 11s stays as our main sport, but we need to do more and make Indoor Hockey and Hockey 5s stronger. **Showcase and promote these formats** as one of the most exciting high-performing sport.

Make Hockey easily **accessible (ACCESSIBILITY)** by developing **Regional and Zonal Hockey Centers/Hubs** with **Smart and Sustainable Infrastructure**.

**Good Governance, Inclusivity, Integrity, Gender Equality and Transparency** are important foundations for FIH to become the benchmark for all International Federations.

We want to use our big and bold events to enhance our fanbase and viewership and start to fully unlock the **commercial potential of our sport**.

We want to take full advantage of the opportunities to be a global leader in **sustainability and environment-conscious** initiatives in sport.

Review the **FIH Foundation**, making it **healthier** and **productive**.

# Mohammad Tayyab Ikram – MBA, H-Dip, FSc Medical
