

Qualification Criteria for FIH Hockey Junior World Cup 2025 (Men & Women)

Age Limit

All players shall be under 21 years of age as of 31 December 2024 that is all players shall be born on or after 1 January 2004.

Men

The FIH Hockey Men's Junior World Cup 2025 will consist of 24 teams

1.1. To qualify for the FIH Hockey Men's Junior World Cup 2025, National Associations must compete in their respective Continental Federation (CF) Junior Championships/Qualifier.

1.2. The Host Nation – 1 quota place: The host nation.

1.3. Teams Qualified by Continental Federation – 15 quota places

The Continental quotas are as follows:

- Africa (3): The Top 3 teams in the Junior Africa Cup 2024
- Asia (3): The Top 3 teams in the Junior Asia Cup 2024
- Europe (3): The Top 3 teams in the EuroHockey U21 Championship 2024
- Pan America (3): The Top 3 team in the Junior Pan American Championship 2024
- Oceania (3): The Top 3 teams in the Junior Oceania Cup 2024

Note: when considering the Top 3 nations in each CF Championship, the JWC host nation is not included. Therefore, the continent of the host nation will have the Top 3 teams plus the host nation qualified,

1.4. The remaining 8 Teams will qualify via continental quotas calculated using the FIH Men's Junior World Ranking on (April 10th, 2024) provided that:

- They are not yet qualified under 1.2 and 1.3 above.
- The Continental quotas are calculated by considering the CF of each nation in the Junior World Rankings, and disregarding the top 3 nations from each CF. The CFs of the top 8 ranked nations that remain in the rankings then earn a continental quota for their CF. These 8 continental quotas are then filled by the highest finishing nations in each continental championship who have not already qualified for the FIH Hockey Men's Junior World Cup 2025.
